quality business decisions. Business intelligence enables firms to make these kinds of decisions. A specialized field of business intelligence known as competitive intelligence focuses solely on the external competitive environment. Information is gathered on the actions of competitors and decisions are made based on this information.

**BUSINESS INTELLIGENCE: CONCEPTS, COMPONENTS, TECHNIQUES**

Companies go international for a variety of reasons but the typical goal is company growth or expansion. When a company hires international employees or searches for new markets abroad, an international strategy can help diversify and expand a business.
