Management (or managing) is the administration of an organization, whether it is a business, a not-for-profit organization, or government body. Management includes the activities of setting the strategy of an organization and coordinating the efforts of its employees (or of volunteers) to accomplish its objectives through the application of available resources, such as financial, natural ...

This paper examines empirically the effects of related-party transactions (RPTs) on audit fees in China. A related-party transaction is a transfer of resources, services, or obligations between related parties, regardless of whether a price is charged (International Accounting Standards 24.9, IASB 2009), where a related party is a person or entity related to the entity preparing its financial ...

Mergers and acquisitions (M&A) are transactions in which the ownership of companies, other business organizations, or their operating units are transferred or consolidated with other entities. As an aspect of strategic management, M&A can allow enterprises to grow or downsize, and change the nature of their business or competitive position.. From a legal point of view, a merger is a legal ...
