For centuries, there has been a movement to reform the spelling of English. It seeks to change English spelling so that it is more consistent, matches pronunciation better, and follows the alphabetic principle.. Common motives for spelling reform include quicker, cheaper learning, thus making English more useful for international communication.

The nature versus nurture debate is about the causes of differences between people.. Like all living things, people have inherited innate qualities. There are also events or experiences which happen during life. 'Nature' describes the effect of a person's genes, whereas 'nurture' describes whatever happens during life.. In the language of population genetics, the heritability of a feature is ...
