### **A Review of the Literature Concerning Ethical Leadership**

Leadership is widely seen as having an important role in fostering ethical conduct in organizations, but the ways in which the actions of leaders intersect with formal ethics regulation in shaping conduct have been little researched.

### **What Determines Ethical Behavior in Public Organizations**

Leadership is both a research area and a practical skill encompassing the ability of an individual or organization to "lead" or guide other individuals, teams, or entire organizations. [citation needed] Specialist literature debates various viewpoints, contrasting Eastern and Western approaches to leadership, and also (within the West) United States versus European approaches.
